Commonsense steps to meet people's urgent health care needs

## United States of Care is building a better future for the health care system.

We champion fair and commonsense policy changes to meet people's urgent needs. In a system that people feel is unfair and profit-driven, our goal is simple. We work to ensure that every person can access health care, regardless of who they are, how much money they make, or where they live.

Based on what people need and want from the system, we have created a one-of-a-kind roadmap of a dozen smart and targeted solutions to the most pressing and urgent challenges people face with the health care system.

**United Solutions for Care** is a set of twelve concrete and achievable aims to help us build a fairer system — one that doesn't leave anyone bankrupt when they need care. Join us in putting people at the center of health care.

92%

of people believe **everyone** deserves to have access to **quality affordable health care**

## The Goals for the Health Care System

After listening to thousands of people, USofCare has learned that there is wide consensus on what they need from the health care system. When we put all the listening together, **FOUR MAIN GOALS** emerged. They are our organizational guiding light.

- 1 People have the **certainty** that they can **afford** their health care.
- 2 People have the **security and freedom** that **dependable** health care coverage provides **as life changes**.
- 3 People can get the **personalized** care they need, **when and how** they need it.
- 4 People experience a health care system that is **understandable and easy to navigate**.

“

United States of Care is putting people back in the center of health care. Through two years of conversation with people across the country, we've learned there is wide consensus on the problems with the health care system – as well as solutions that will benefit us all. *United Solutions for Care* is a guiding light for improving our health care system.

Natalie Davis, CEO and Co-Founder

# United Solutions for Care

Achieving these shared goals will move us closer to a system where every person can access health care, regardless of who they are, how much money they make, or where they live.

These are the **TWELVE TARGETED SOLUTIONS** that will address people's pain points with the health care system and bring them more fairness and financial peace of mind.

## GOAL 1: AFFORDABILITY

- ★ **Solution 1:** Lowering prescription costs
- ★ **Solution 2:** Eliminating out-of-pocket costs for basic health care services

## GOAL 2: DEPENDABILITY

- ★ **Solution 3:** Providing new [low-cost coverage options](#) that also increase competition
- ★ **Solution 4:** Allowing people to use tax credits to get coverage outside of their employer
- ★ **Solution 5:** Expanding eligibility for public programs including Medicare, Medicaid, or the Children's Health Insurance Program (CHIP)

## GOAL 3: PERSONALIZED CARE

- ★ **Solution 6:** Providing support to caregivers
- ★ **Solution 7:** Improving [mental health](#) coverage
- ★ **Solution 8:** Providing better maternal and newborn care
- ★ **Solution 9:** Making care more convenient
- ★ **Solution 10:** Ensure that people can equitably get care virtually

## GOAL 4: UNDERSTANDABLE CARE

- ★ **Solution 11:** Making prescription costs more transparent
- ★ **Solution 12:** Increasing availability of patient navigators

## The Impact

*United Solutions for Care* aims to make a positive, consequential, and equitable impact on people's lives. Here are just some of the things our conversations have revealed:

“It's very confusing and frustrating. You call somebody and one person will tell you one thing, another person tells you another thing.”

*Brandy, AZ*

## The Support

It is our mission to work for change that people want and need, so we always make sure that people support these solutions. By doing that, we've learned that people of all demographics share the same priorities for the system — and their support is how we've assembled these *United Solutions for Care*.

**Support more help for people** navigating the health care system

**Support expanded tax credits** to help more people afford insurance

**Support expanding eligibility** for Medicare, Medicaid, and CHIP
